Let Urban Corps Plant Your Trees

EXPERIENCED & TRAINED CREWS

WATERING TRUCKS & TOOLS TO SUPPORT YOUR MAINTENANCE NEEDS

We can plant community trees through fee-for-service contracts or grants.
TIPS TO GET STARTED

Fee-for-Service Contracts:

- Urban Corps can go under contract with your organization for funding you already have or funding that exists.

- We plant a minimum of 50 fifteen gallon trees or an estimated one week of work.

- Contracts start at $5,000 for labor plus materials (estimated at $60-80 per tree depending on species)

Grants:

- We can apply for grants in partnership with your organization but need a written landowner approval prior to beginning the application.
